

## Slender Cycle Building Our Latest Installation

College Travel Planner contacts H-B Designs to establish a cost and plan for a new Staff Cycle Store in order to apply for funding

Project timeline

X3 design proposals considered. Design Brief agreed and final costs approved for 30 ACCP units and bespoke Slender Building with lobby area and security door access

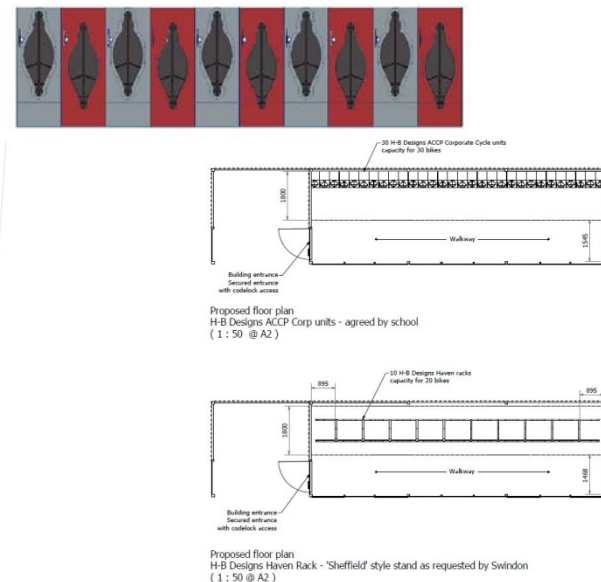

Manufacture underway. EU legislation for CE marking Steel structure comes into force and our buildings complies in full

Project Management of sub contracted installation & QC. Unexpected ground condition issues resolved

College receives full Grant for the project from Local Authority. ACCP approved for improved parking density and security – 10 more cycles

Site visit and discussions with stakeholders determine location on premises and scope for new facility. Full RIBA plan of works and provisional costs provided

College opts for us to complete Planning Permission as separate project. Detailed structural foundation designs finalised & planning approved with minimal conditions

Building signed off complete and in use by staff and visitors. Secure access code supplied to recorded users only.
